MEMORANDUM FOR THE RECORD

SUBJECT: Computer Security Legislation

1. On 6 February 1987 I provided Connie Bowers of OMB our views on H.R. 145, the Computer Security bill. The bill is essentially identical with legislation introduced last year by Congressman Brooks and McCurdy. I informed OMB that while the bill would have no direct impact on the Agency, we supported the position of NSA in opposing the bill

2. Ms. Bowers indicated that a hearing would soon be held on the bill by the House Science and Technology Committee.
